Solent Devils Vs Slough Jets

Game Day Programme

Saturday 19th March

Face Off – 1700

A Word From The Coach

Good evening and welcome back to the Gosport Ice Arena for our first home game of the 2026/27 season against the reigning league champions, Slough.

It's been a summer of change for the Devils, with some new faces joining the group alongside a strong returning core and the same staff team continuing to lead the way. One of the biggest additions is Ralfs Circenis, who returns to Solent following several years playing in the National League. Danny Williams has also made an impressive start to life with the Devils, getting his season underway last week and showing exactly what he can bring to this team.

With the core of the group returning and some exciting additions coming in, there is plenty to look forward to this year. We've worked hard throughout the summer to put the squad together, and we're all looking forward to seeing what we can achieve.

For the first time in a number of years, we opted not to play a pre-season game. Unfortunately, we couldn't find a suitable opponent, so our season began last weekend with a tough away fixture against Chelmsford.

I was pleased with the performance. We played some good hockey, competed well and created opportunities, but unfortunately came away with a 3-2 defeat. Aaron and Rory were outstanding in goal and gave us every chance throughout the game. It was a strong opening performance, and although we were disappointed not to come away with the points, there were plenty of positives to take forward.

Tonight, we welcome the league champions, Slough, to Gosport. They are a young, fast and strong team, and we know we will have to be ready from the first puck drop. They bring plenty of pace and energy, but we are up for the challenge.

We've worked hard in training this week, continuing to build on the positives from Chelmsford while focusing on the details that will help us take the next step. I'm excited to finally get out in front of our home supporters and see this group play at the Gosport Ice Arena for the first time this season.

It's been a long summer, and we're delighted to welcome you all back. I hope you're just as excited as we are to get the season underway on home ice. Your support makes a huge difference, and we'll need you behind us tonight as we take on the champions.

Stay loud, stay behind the team and help drive us forward.

The McTimoney Approach to Chiropractic

The McTimoney approach to chiropractic was developed by the late John McTimoney over 50 years ago and is taught only at the McTimoney College of Chiropractic in Abingdon, near Oxford. It is well known for being a precise, whole-body approach to chiropractic care.

The gentle nature of chiropractic the McTimoney way makes it suitable for people throughout their lifetime from babyhood to those in later life.

A package of chiropractic care may be used regularly to help maintain good posture, promote health and improve performance, no matter what it is you do, from a high-performance athlete to a senior member of the community enjoying a potter in the garden.

Patients undergoing chiropractic care often report benefits from:

- Ankle sprain (short term management)
- Cramp

Chiropractic care is covered by most medical insurance companies including PPP, HSA, Norwich Union, First Assist, Legal and General, CS Healthcare and Standard Life.

To find a McTimoney Chiropractor near you, go to [McTimoney Chiropractic Home \(mca-chiropractic.org\)](http://mca-chiropractic.org)

Chiropractic is a primary health care profession focused on your health and wellbeing

- Elbow pain and tennis elbow (lateral epicondylitis) arising from associated musculoskeletal conditions of the back and neck, but not isolated occurrences
- Headache arising from the neck (cervicogenic)
- Inability to relax
- Joint pains
- Joint pains including hip and knee pain from osteoarthritis as an adjunct to core OA treatments and exercise
- Back Pain
- Generalised aches and pains
- Lumbago
- Mechanical neck pain (as opposed to neck pain following injury i.e. whiplash)
- Migraine prevention
- Minor sports injuries and tensions
- Muscle spasms
- Plantar fasciitis (short term management)
- Rotator cuff injuries, disease or disorders
- Sciatica
- Shoulder complaints (dysfunction, disorders and pain)
- Soft tissue disorders of the shoulder

Captains Corner

Good evening everyone, and welcome back to the rink for our home opener of the 2026/27 season against the Slough Jets!

After starting the season on the road last weekend against the Chelmsford Chieftains, it's finally great to be back on home ice in front of our own fans. Last weekend was a great performance from the lads, with everyone leaving absolutely everything out there. Unfortunately, we came away with a disappointing 3–2 loss, but there were plenty of positives to take from the game. We went toe to toe with a very strong Chelmsford side and showed a lot of the qualities we want to carry into this season.

We've had a chance to reflect on the game, talk through the areas we can improve, and work on those things in training this week. The lads have put the work in, and I know everyone is ready to give it everything tonight.

It's also a big double header weekend for us, with a trip to Swindon on Sunday to take on the Wildcats 2. The team are fired up, excited, and are ready for this weekend. We know it's going to be a tough weekend, but we're looking to put in two strong performances and start building some momentum early in the season.

Most importantly, it's brilliant to be back on home Ice. We've missed playing in front of the best fans in the league, and we can't wait to see you all back in the stands tonight.

So let's make this place loud, get behind the lads from the first puck drop, and let's leave it all out there. Enjoy the game!
