Solent Devils Vs Swindon Wildcats 2

Game Day Programme

Saturday 24th October

Face Off – 1700

A Word From The Coach

Good evening and welcome back to the Gosport Ice Arena for tonight's game against the Swindon Wildcats 2.

Last weekend saw us take on a double header, starting with a home fixture against Romford Buccaneers before travelling to Cardiff on Sunday. It was a weekend of contrasting performances, but there were plenty of positives to take into tonight's game.

Saturday's performance against Romford was exactly what we wanted. A 7–1 victory, with the squad back to full strength, saw things click across the team. We played with confidence, created opportunities and took our chances well. It was a strong all-round performance and a good reward for the work the players have been putting in.

I also want to say a huge thank you to everyone who brought a teddy bear along for our inaugural Teddy Bear Toss. The response was incredible, and the number of bears collected was fantastic. Most importantly, they're all going towards a great cause through Marvels & Meltdowns. Thank you for supporting the initiative and helping us make a real difference as a club.

On the ice, it's been great to see Ralfs and Cam starting to build a strong connection and find their rhythm together. We're also continuing to give our younger players valuable ice time and opportunities to develop at this level. Another positive was seeing Richard Facey back in the line-up, looking as though he'd never been away. Having players of his experience back in the group is a real boost.

Sunday's trip to Cardiff was a different story. We travelled with a lighter squad than we would have liked, and things became more difficult before we'd even got started, with a motorway closure leaving Aaron delayed by around three hours and out of the lineup. Rory stepped up and delivered a good performance in net, but unfortunately, the team in front of him didn't do enough to earn the result.

A poor second period and a lack of energy throughout allowed a rejuvenated Cardiff Fire side to take all the points. We have to be honest with ourselves about that performance. We know we're capable of much better, and we need to show greater consistency across the full sixty minutes. One positive was our special teams, which performed well and gives us something to build on moving forward.

Tonight, we welcome Swindon Wildcats 2 for our second league meeting of the season, having already secured a win on the road. Swindon are a young, fast and talented team who will test us in every area of the game. We know the threat they pose, and we'll need to be sharp, disciplined and prepared to match their energy from the first puck drop.

Interestingly, while we've generally performed well against Swindon on their home ice, our results against them at Gosport have been more difficult over the past couple of seasons. That's something we're keen to put right. We want to bring the performance levels we showed against Romford, combine them with the lessons learned in Cardiff, and deliver a complete performance in front of our home supporters.

We know what this group can achieve when everything comes together. The challenge now is to make sure we bring that same intensity, work rate and commitment every time we step onto the ice.

Finally, thank you to everyone who continues to support us at Gosport. Your backing makes a difference, and we hope to see another good crowd in tonight. Get behind the boys, bring the energy and help us make home ice count. Bring the noise!

McTIMONEY
CHIROPRACTIC

Chiropractic is a primary health care profession focused on your health and wellbeing

The McTimoney Approach to Chiropractic

The McTimoney approach to chiropractic was developed by the late John McTimoney over 50 years ago and is taught only at the McTimoney College of Chiropractic in Abingdon, near Oxford. It is well known for being a precise, whole-body approach to chiropractic care.

The gentle nature of chiropractic the McTimoney way makes it suitable for people throughout their lifetime from babyhood to those in later life.

A package of chiropractic care may be used regularly to help maintain good posture, promote health and improve performance, no matter what it is you do, from a high-performance athlete to a senior member of the community enjoying a potter in the garden.

Patients undergoing chiropractic care often report benefits from:

- Ankle sprain (short term management)
- Cramp

- Elbow pain and tennis elbow (lateral epicondylitis) arising from associated musculoskeletal conditions of the back and neck, but not isolated occurrences
- Headache arising from the neck (cervicogenic)
- Inability to relax
- Joint pains
- Joint pains including hip and knee pain from osteoarthritis as an adjunct to core OA treatments and exercise
- Back Pain
- Generalised aches and pains
- Lumbago
- Mechanical neck pain (as opposed to neck pain following injury i.e. whiplash)
- Migraine prevention
- Minor sports injuries and tensions
- Muscle spasms
- Plantar fasciitis (short term management)
- Rotator cuff injuries, disease or disorders
- Sciatica
- Shoulder complaints (dysfunction, disorders and pain)
- Soft tissue disorders of the shoulder

Chiropractic care is covered by most medical insurance companies including PPP, HSA, Norwich Union, First Assist, Legal and General, CS Healthcare and Standard Life.

It's Not All About Us

A young, energetic and tenacious team, the Wildcats can never be counted as out of a game. Pushing hard from the first puck drop, they have come close to causing some upsets already this season and have seen some success at Gosport last season. With many teams still finding their footing, the Wildcats will be looking to get some more wins under their belt and get the ball rolling for the rest of the season.

Sagan leads the team on points, with an impressive 5 goals and 4 assists out of 6 games, with Kostal and Goddard close behind. These players are likely to form the basis of any Wildcats attack. Nethersell and Stone are both solid defenders as well as well set to form the start of any counter-attacking opportunity. Thomas, Crow and Smith are already making names for themselves as capable shot stoppers and will prove a daunting final challenge for any Devils' attack.

Captains Corner

Good evening everyone, and welcome back to the rink for tonight's game against the Swindon Wildcats 2!

Last weekend was a bit of an up and down one for us. We started with a fantastic home win against the Romford Buccaneers, where I honestly believe the lads put in their best performance of the season so far. There were plenty of positives to take from that game, and it was great to see everyone working hard for each other and playing the way we know we can.

We headed into Sunday's game in Cardiff full of confidence, but also knowing it was going to be a tough challenge, especially with Cardiff having strengthened their team a lot this season. Unfortunately, we came away with a loss and a long journey home without any points. The lads were disappointed with the performance, and we know we're capable of much better.

We've spoken about it as a group and worked on what we need to put right this week. We know what's required to get the result tonight, and it comes down to putting in a solid 60 minute performance, sticking to our systems, competing for every puck, and working hard for each other from the first whistle to the last.

Tonight is a massive game for us, and the boys are hungry and ready to put things right. We know Swindon won't make it easy, but we need to focus on our own game, bring the intensity, and give ourselves the best possible chance of coming away with the three points.

It's always great to be back on home ice in front of our fans, and as always, thank you for the support you continue to give us. You make a massive difference to the lads, and we need you right behind us tonight. Get loud, bring the atmosphere, and help push the boys through every shift!

Enjoy the game, and be loud!
